COLOUR CODED PRESENTATION LISTINGS

HOW TO USE THE COLOURS TO PLAN YOUR DAY

Determine the one or more IAAP Divisions or CPA Sections and/or subject matter areas that you wish to follow during ICAP, identify which “cluster colour” they have been assigned (see chart), and explore the multitude of sessions that each “cluster” has to offer. Pick more than one colour, and you can experience the depth and breadth that is our discipline and profession. All presentations are listed in chronological order and each listing includes the title and authors of the presentation.
