

PRIME MINISTER • PREMIER MINISTRE

June 26-30, 2018

Dear Friends:

I am pleased to extend my warmest greetings to everyone attending the 29th International Congress of Applied Psychology 2018.

This event brings together industry professionals from over 50 countries to share their knowledge, ideas and experiences. This year's theme, "Psychology: Connecting Science to Solutions," speaks to the important relationship between research and practice in the field.

I would like to thank the Canadian Psychological Association and the International Association of Applied Psychology for putting together an informative and stimulating program. I am certain that delegates will be inspired by the guest speakers and will benefit from the opportunity to network with stakeholders from around the world.

On behalf of the Government of Canada, please accept my best wishes for a productive and enjoyable congress.

Sincerely,

The Rt. Hon. Justin P.J. Trudeau, P.C., M.P.  
Prime Minister of Canada
